March 8, 2017

Dear Gateway Neighbor,

Gateway Services C.D.D. has contracted with Land Architects, Inc. to develop a Common Area Master Plan for the Gateway District. The master plan will be for an overall landscape renovation-enhancement project covering all roadway medians, right of ways, common areas, Gateway parks and recreation areas, public sidewalks and entrance monuments. As a property owner within the Gateway District you are invited to provide input, as you are a stakeholder in the overall landscape master plan design project. We are reaching out for involvement and hope that you'll take interest in this process so that your voice can be heard.

We are in the process of scheduling a meeting specific to this process. The meeting will consist of a section of community representatives that affords a spectrum of all the residents, property and business owners in Gateway. We hope to have a single representative from each community and or organization within the affected area of Gateway. Each representative will be responsible for communicating the interests of their community or commercial area.

If you are interested in participating, please contact our office by April 18, 2017 at 239-561-1313 option 8, or visit our website at www.gatewaydistrict.org and provide your contact information including your name, address, phone number and email address. We will be following up to advise every one of the first scheduled meeting.

Thank you in advance, we look forward to working together to make Gateway a beautiful community!

Thank You,

Elle Harris
Natural Resources Supervisor
