It has been brought to our attention that the tax assessment roll provided to the Lee County Tax Collector is incorrect. The initial tax roll sent did not include the final reductions made by the Board at the meeting on August 20, 2020. A corrected version was sent to the Tax Collector late last week and residents will see their tax assessments go down between \$38.25 and \$83.55, depending on location.

The Lee County Tax Collector has stated that all corrections have been processed and are now reflected on the Tax Collector website. The Tax Collector anticipates issuing refunds to the 1,100 or so parcels that paid their tax bills before Monday, November 16 and they will begin reissuing tax bills Monday, November 16 and mail those bills later in the week. They have also extended the period to pay and still receive the 4% discount and the new date will be on the revised tax bills.
